

Hawaii Conference of Seventh-day Adventists

FOR IMMEDIATE RELEASE

June 4, 2020

The Hawaii Conference is saddened by the recent senseless loss of life of George Floyd. We join our brothers and sisters by publicly condemning bigotry, violence, hatred, and injustice; behaviors that are in direct opposition to those of Jesus.

Seventh-day Adventists pioneers advocated for abolition, equality, and justice. As disciples of Jesus, each of us is called to make a difference, to be compassionate, to lovingly engage in our communities, and to respond with love in a Christlike manner.
